THE COMPUTER IN PLAIN... GREEK

PRESS RELEASE

The September issue of Computer Active, out on sale!

Dear associates,

In the September issue of Computer Active, coming out today, Friday, September 2:

- Has your computer started to show signs of weakness? Find out the top 50 secrets and tips in order to boost it up.
- Enhance your creativity with the top 5 free image processing applications that can be downloaded into your computer.
- Find out, in simple steps, how to avoid your id's rip-off, and prove to be smarter than the online crooks.
- Find out ways to express your artistic talent by "painting" with Paint Shop Pro and by learning how to use its tools.

Also, read in this issue:

Our permanent columns, just like every month, with up-to-date reviews in New Products, 30 pages with useful advice and tips in the Step-by-Step section, the best games in the Games section, as well as the autumn's hottest mobile phone reviews.

+OFFER!

A card with 5 hours of FREE talking time in the HOL eVoice service for local and long-distance calls both to cable and mobile phones.
