The November issue of Computer Active, out on sale!

Dear associates,

In the November issue of Computer Active, coming out today, Tuesday, November 1:

- **Cover Story: This is how I want my Windows**
Say goodbye to the dull and outdated desktop. Read how you can give your own stroke to Windows using the best themes and wallpapers.
- **Get familiar with MS Word**
Find out how to effectively use MS Word, capitalizing on some of the application's numerous features.
- **Download music legally**
Legal music download doesn't just apply to popular music hits that can be bought in this way. We are showing you how to find your favourite music in the Net, for free.
- **The secrets of audio**
Tune in to the latest evolutions in the area of multichannel surround audio, and build a home theater system for your living room.
- **Protect your privacy**
Our practices in the Internet are monitored and can be potentially sold to a bidder. Read what you should know for this crucial matter.
- **Email backup**
If you don't take backup of your emails often you may lose priceless information such as your address book, your calendar, even your mail. Find out how to avoid a potential loss.
- **Comparative test**
We compare 27 MP3 players, for you to choose the best one.

In Mobile Active:

Protect your mobile phones from all viruses, while reading about all the latest products of the market.
