

PC WORLD

THE No1 TECHNOLOGY MAGAZINE IN THE WORLD

IN THE FEBRUARY ISSUE OF PC WORLD, OUT ON SALE!

Dear associates,

In the February issue of PC WORLD, coming out on January 20, 2006:

- We present you a wireless world! A complete feature on all the necessary changes a user must make in order to get rid of the connection cables of one's devices, and how to use them smartly and interactively from any room of one's house.
- We gather 40 "diamonds" of the World Wide Web: the most smart, original and useful web pages you didn't know they existed.
- We review 6 remote control services, so that everyone can access their PC from anywhere in the world, by using a simple web browser!

Super Tests:

- We compare 22 LCD monitors 19", the dimension bound to be the new standard in PC monitors.
- We evaluate 12 B/W laser printers (up to €400 worth) mostly for business environments.
- We test 9 portable media players able to reproduce music and images.

Along with this issue, you can find FOR FREE:

- A DVD-ROM with 7 full applications, €610 worth, as well as, exclusively, the security suite Webwasher CSM Suite 5.3.

& Big contest with prizes of more than €10.000 worth

Thank you for your support!

PC WORLD, Technology advice you can trust!

PC WORLD is published by International Data Group (IDG) in 50 countries all over the world, while every month its readers top 35 million people. It is the biggest technology magazine in the world, with 22 years of leadership. The Greek Edition of PC WORLD is published by IT Publications Hellas Ltd. and is totally tailored to the Greek reality. It gives the full picture of the local market and shows Greek users the secrets of technology use. Along with PC WORLD you will find the inserted Digital World magazine, a publication going over technology from a lifestyle point of view, and with a more human dimension.
